KWIK WASH

KWIK WASH

The Stainless Steel Washing booth has an important role to play in the whole screen making process vis-à-vis stencil making. With a systematically built washing booth enables an efficient and clean facility to properly wash the screen frames before coating and after exposing.

A perfect washing booth is also necessary for screen reclaiming after printing is over.

FEATURES

- Stainless Steel Body
- Yellow Back Light
- Efficient Drainage System

Specification

Maximum Screen Size	117 x 142 cm (46" x 56") OD
